Extended Leaves of Absence

Oct 63

Feb 76

Jan 89

The purpose of this policy is to clarify the feeling of the Board of Education and Administration concerning extended leaves of absence.

It has been the policy of the Board to inject into the school calendar vacation periods at intervals where a break for the staff and the students would be in the interest of their good health with the chance of regaining their vigor and vitality. At no time was it the intention of the Board to make these vacation periods a jumping-off point for an extended period of leave.
