

# POLICY

It shall be the policy of this Board to supply each teaching staff member with the supplies, materials and equipment necessary for the implementation of each curriculum guide and each student with the supplies and materials he/she needs for the successful completion of courses of study which are part of the curriculum.

Exceptions to this policy shall be:

- a. Where individualized and non-reusable clothing or equipment is required for reasons of safety, health or the protection of school property, pupils will be requested to provide their own clothing or equipment which shall meet standards set by the school. Such standards shall be those reasonably related to the considerations of safety, health and protection of property.
- b. Where a student prepares a useful item which he/she is permitted to keep, he/she shall pay the district the cost of the materials used.

Where the foregoing requirements impose a financial hardship on a student, the Board will assume the cost. The Superintendent shall devise procedures assuring that no student need be denied participation in the school program for financial reasons while at the same time guarding the privacy of each student.
