

New Password Guidelines

Franklin Borough School welcomes Chromebooks to its technology department!

Students will use Google Apps for Education while using the new Chromebooks. For security purposes, new passwords for students in grades 3 - 8 will be required to have a minimum of eight (8) characters. Students should consider their new password prior to submitting their AUP (Acceptable Use Policy).

Please discuss these guidelines with your child(ren) so he/she is ready to create a new password in class.

Strong passwords are phrases (or sentences) at least eight characters long—longer is better—that include at least three of the following: uppercase and lowercase letters, numerals, punctuation marks, and symbols.

NOTE: Passwords must NOT be shared!
