Organization of Grades

Nov 81

Apr 84

Jan 89

The Board of Education believes that the children of this district will receive the greatest benefit from an educational program based on the 4-4 plan; that is, one in which grades kindergarten through four are in self-contained classes and grades five through eight are in modified self-contained classes. Each teacher assigned to a classroom shall be certified as an elementary teacher.

For purposes of calculating seniority entitlement, teachers in grades 7-8 shall be considered to be “elementary” as defined in the rules of the State Board of Education, working in a departmentalized setting.

The Superintendent is authorized to develop a schedule structure which incorporates this plan.
