FIELD TRIPS

Field trips offer a first-hand educational experience not available in the classroom. They usually take place during school hours and always under the supervision of a teacher. Written parental consent is necessary for a child to be able to participate. A set of rules and regulations as well as medical requirements (if applicable) are sent home with each child before the trip is to take place.

ELIGIBILITY REQUIREMENTS FOR SCHOOL ACTIVITIES

Students who participate in Franklin Borough School's athletic programs and/or co-curricular activities must maintain a satisfactory academic standard and comply with school rules.

Students will be subject to a mid-marking period and final quarter evaluation to determine eligibility. Any student who is failing one or more core subjects at the mid-marking period or at the close of a marking period will be placed on probation for two weeks and will not be allowed to participate in extra- or co-curricular activities. A re-evaluation will then take place after the two-week probation. If passing grades are not attained, eligibility for participation will be suspended for an additional two weeks. This procedure will be repeated as long as needed and throughout each marking period.

Marking periods (MPs) for the 2020-2021 school year will close on the following dates:

1st MP: November 2 **2nd MP:** January 22 **3rd MP:** March 26 **4th MP:** TBA*

*The number of emergency closings will determine the last date of the marking period.

Students who intend to participate in school athletics are required to obtain a physical from their personal physician, or if they prefer, the school physician may provide the physical. The physicals must be completed using a specific form from the state. Forms may be obtained through the nurse's webpage on the school website (www.fboe.org). Please call the nurse at **(973) 827-9775, ext. 7219** if you have any questions about physicals.

STUDENT DRESS CODE

The objective of this dress code is to maintain an atmosphere conducive to learning, enhance school safety, promote appropriate/respectful behavior, and create a respectful atmosphere throughout the school building.

Each student's way of dress is an expression of his/her personal style and individual preference. Although there are many fashionable items, not all are appropriate for school. The Board of Education recognizes that the basic responsibility for proper dress of its students lays with the student and his/her parent(s); however, the following guidelines are necessary:

For the 2020-2021 school year, all students must wear masks/face coverings per the executive order issued by New Jersey Governor Phil Murphy. Masks/face coverings must cover the face and mouth and be secured under the chin.

Students shall wear apparel that is appropriate to the function of the school and maintains the standards of cleanliness and decency. The following attire is **NOT** considered appropriate for school and will **NOT** be permitted:

- Shorts and skirts that are above mid-thigh.
- Clothing which draws attention to the physical characteristics of the individual; no bare midriffs, see-through blouses, spaghetti straps, pants worn below the hip, and any clothing that reveals undergarments.
- Flip flops/backless shoes. (Footwear must be secure on the foot and free of safety issues.)
- Clothing with inappropriate logos, symbols, or language which may be considered to be offensive, disrespectful, or designed to promote substance abuse.
- Restrictive, outdoor, or unsafe clothing such as outerwear jackets, coats, hats, sunglasses or chains.
- Clothing and/or accessories that causes potential safety issues.
- Clothing that is worn or dirty. Fashionable tears in jeans cannot appear higher than mid-thigh.
- Pajamas/clothing designed for sleeping.

Dress code violations will be referred to the vice principal (or designee) for the appropriate disciplinary action. The final decision regarding all appropriate attire in school or at school-supervised events rests with the school administration.

If a student does not dress in accordance with the above policy, the student may be asked to change into a school-issued garment or his/her gym clothes, or a parent will be called to bring appropriate clothing to school.

TRANSFERS & STUDENT RECORDS

If you plan to transfer your child to another school district, please notify the superintendent's office several days before your leaving date. A release paper must be signed at the new school in order to forward all records.

Pursuant to 18A:36-19A, when transferring from one public school district to another, it is the responsibility of the student's last district of attendance to forward all educational records to the new school. (Records include all academic, disciplinary, and health files.) This procedure includes forwarding the discipline records of all graduating eighth graders to the high school.

DISCIPLINE CODE/INFRACTION AND CONSEQUENCES

Teacher Guidelines

Teachers are expected to notify parents by telephone and/or in writing when students demonstrate non-compliant behavior. Teachers may impose consequences for students' misbehavior and inappropriate conduct. These consequences can range from warnings/parental notification to detention and loss of privileges*.

Administrative Guidelines

When teacher interventions require additional assistance to correct inappropriate behavior, the offending students may be referred to the Vice Principal and/or designee who will administer discipline according to the following guidelines. In addition to losing privileges*, one of the following consequences may be imposed:

Infraction	1st Offense	2nd Offense	Subsequent Offenses
I. Inappropriate/disruptive behaviors			
A. Continued failure to follow rules and willful disobedience.	Parent Notice, Detention(s), and/or 1-3 days ISS/OSS	1-5 days ISS/OSS	1-10 days ISS/OSS

Expulsion proceedings may be implemented.		
E. Any criminal act (e.g. false fire alarms, etc.)	1-10 days ISS/OSS and/or referral to appropriate authorities (i.e. police). Expulsion proceedings may be implemented.		

Parent Notice will be made by telephone and/or in writing.

Detention - not to exceed 4:00 p.m. The exact time for the detention will be stated in the notification.

ISS - In-School Suspension

OSS - Out-of-School Suspension

*Privileges include, but are not limited to, field trips, dances, graduation ceremonies, and other after-hour school events.

NOTE: In all cases, the administration maintains its discretion for administering discipline for any and all infractions. A single occurrence may proceed directly to a suspension or an expulsion procedure given the severity of the incident. Likewise, an incident may be mitigated by circumstances such that an alternative consequence is warranted. Whenever a student is suspended, he/she will not be permitted on school property during the suspension period without expressed permission from the administration. Those students on ISS will be required to leave the school campus at 2:30 p.m.

When a student is suspended, he/she is expected to make up classwork and will be credited for the work made up. The suspension will not adversely affect the student's grade unless the classwork is not completed in a reasonable time (usually equal to the length of time of the suspension -- 2 days of suspension equals 2 days to make work up after returning to school).

Children in **Session 1** should not arrive at school before 7:50 a.m.

Children in **Session 2** should not arrive at school before 8:30 a.m.

Staggering the start/end of the school day and assigning students specific entry/dismissal doors helps with transitioning students in and out of the building using appropriate social distancing guidelines.

ACCEPTABLE USE OF TECHNOLOGY

Please note that the computers at school are Board of Education property and are to be used as a privilege only for educational purposes. There is no expectation of privacy nor will any inappropriate usage be tolerated as per **Policy 2361**.

As part of Franklin Borough School's one-to-one initiative, students in grades five through eight will be provided a Chromebook for use throughout the school day. All students in grades 1 - 8 and parents must sign the Chromebook User Agreement/Acceptable Use Policy prior to the Chromebook being issued.

Also please note that **cell phones** and **other electronic equipment** are **NOT** to be used in school. They should be turned off and stored where they will not be accessed (e.g. lockers). If a student needs to call home during the school day, he/she should ask permission to use the school phone in the office. It is important to know that cell phones and other electronic equipment will be confiscated if they are used or visible during school, and parents/guardians may be asked to come to the office to pick up the items.

BOOK, CHROMEBOOK, COMPUTER AND EQUIPMENT CARE

All books, Chromebooks, and other equipment and materials should be handled with care. The Board charges each student in the school with the responsibility for the proper care of the books, equipment and other materials entrusted to him/her. If a book or other item entrusted in the student's care is lost, damaged, or defaced in any way, the student's parents shall be expected to pay for the damaged item(s). The Board authorizes the imposition of fines for the loss, damage, or defacement of books and materials and reserves the right to withhold a report card or a diploma from any student whose payment of such fine is in arrears.

ABSENCE AND EXCUSE POLICY

Regular attendance is essential if your child is expected to be successful at school. Absence can be a major cause of student failure and/or retention. The Department of Education has required close inspection of individual attendance records and mandates that districts pursue measures to reduce chronic absenteeism.

In accordance with policy, the Board requires a parent/guardian to call the attendance line (**973-827-9775, ext. 5411**) or email the school at **attendance@fboe.org** prior to 7:55 a.m. to report a child's absence. Failure to inform the school will result in a call from our school and/or a home visit to check on the welfare of the child. Upon return to school, a written statement of the cause for the absence must be submitted to the main office. If a student is absent, he/she is responsible for making up all missed assignments.

Chronic student absenteeism can result in referral to the Crisis Intervention Unit of Sussex County, Probation, or Municipal Court.

Attendance shall be required of all students enrolled in school during the days and hours that school is in session. Excused absence reasons are determined by the State of New Jersey.

An exception to this procedure may include a chronic or long-term medical condition (e.g. surgery). Please refer to **Policy 5200** for more information.

ABSENTEE CALL-IN NUMBER AND EMAIL

In the event your child will not be in school, please call the absence line at **(973) 827-9775, ext. 5411 to report the absence**. You may also email the school at **attendance@fboe.org** to report your child's absence. Children who are absent and not accounted for may be reported promptly to the Franklin Police Department. Please refer to **Policy 8464** for more information.

Every Student Succeeds Act (ESSA)

School-Parent Compact (ESSA) for shared responsibility to improve student academic achievement

The school is responsible to provide opportunities for children to achieve high academic success through effective instruction and quality curriculum. The school staff realizes that parents are responsible for supporting their child's learning with regard to monitoring attendance, homework completion, and television watching. Parents are also instrumental in the lives of their children as volunteers in the classroom and participating in the educational process. Communication between teachers and parents is vital in this process. Parent/teacher conferences, back-to-school nights, and frequent progress reports/report cards facilitate this communication. Parents will have reasonable access to staff, opportunities to volunteer and participate in their child's class, as well as observation opportunities as outlined in school board policy. Additionally, parent workshops, committees and/or forums will be held to build partnerships and/or increase communication. Title I funds will assist in the aforementioned activities. Funds may assist in the following areas, such that the school:

1. Shall provide assistance to parents of students served by the school in understanding such topics as the state's academic content standards and state's student academic achievement standards, state and local academic assessments, the requirements of this Policy, and how to monitor a child's progress and work with educators to improve the achievement of their child(ren);
2. Shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement;
3. Shall educate teachers, student services personnel, building principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school;
4. Shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents to more fully participate in the education of their children;
5. Shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand;
6. May involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training;
7. May provide necessary literacy training from Title I funds if the school district has exhausted all other reasonably available sources of funding for such training;
8. May pay reasonable and necessary expenses associated with local parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions;
9. May train parents to enhance the involvement of other parents;
10. May arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation;
11. May adopt and implement model approaches to improving parental involvement;
12. May establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in Title I programs;
13. May develop appropriate roles for community-based organizations and businesses in parent involvement activities; and
14. Shall provide such other reasonable support for parental involvement activities under this policy as parents may request.
